

WWIN General Membership Meeting

Tuesday, January 20, 2015 3:00 pm - 5:00 pm

WSU Whatcom Extension, 1000 N. Forest, Bellingham, WA

Please join us- we want to hear from you!

If you have multiple copies of materials you'd like to share, please bring them for the Share Table.

AGENDA

Welcome, Introductions, Review Agenda (5 min)

Squalicum Creek Watershed (15 min) – Ryan Ericson, Futurewise

- The City of Bellingham, working with Futurewise, Whatcom County, and a variety of other agencies and groups, is participating in a project that will assess environmental/development issues and opportunities within the Squalicum Creek Watershed. This project will use Squalicum Creek as a case study to help identify innovative regulatory and project-level approaches that work together to improve water quality, habitat connectivity and enhance community services through the watershed. Outcomes from this study can be applied to other watersheds within Bellingham.

Online Resources for Puget Sound Science (40 min) – Rachel Benbrook, NSEA

- This presentation provides an interactive tour of online resources that put data and information at our fingertips. Are you in need of information to support one of your projects, such as water quality data about a local stream or public beach access sites or active restoration projects to bring groups to? Bring your project needs and we will look together at how to access in information that can help us be more effective in our work.

WWIN/Whatcom ECO Net Block Grant (40 min)

- Overview of membership survey results and overview of draft membership development plan

WWIN Program Updates (10 min)

- Speaker Series
- Training
- Whatcom Water Weeks

Open Group Discussion / Collaboration Time (10 min)

- Share info, questions, comments, feedback
- Mingle - connect with others to share resources & collaborate!
